**Livelihood Impact** : Krishna Chandra Palit's success story is an inspiration for those who want to make a career out of agriculture. He has taken up a plantation scheme through MGNRGS supported by Block and GP administration and turned it into a highly profitable business. Administration encouraged him to take up the scheme. Resulting he planted around 80 nos of saplings over 0.2 Hector of land. After 5 Year his profit will be approx to 1.2 lakh. He has attended several meetings and workshops where he shares the secret of his success with other farmers. He said plantation is more profitable than paddy. "I invested more manpower, fertiliser and time while cultivating paddy but the returns were less before he decided to switch over to plantation.
