

PASCHIM MEDNIPUR

District: Paschim Medinipur

Block. Chandrakona-II

Gram Panchayat: Basanchora

Total cost: 449973 lakh

Labour cost: 432072 lakh

Impact: Maximum Cultivated area of Basanchora mouza are being irrigated by the water of this canal. In rainy season this canal is full of water. After rainy season total area are being irrigated from canal water. After renovation of canal soil moisture are to be increased. Both side of this canal is covered with agricultural land wherein paddy, potato, vegetable, parsley etc. are being produced by the local families. For this renovation work it helps to drainage water during waterlogged & enhance irrigation facility for that cultivation land. During rainy season surface water runoff deposited in to canal and its make full & it helps to enhance soil moisture and recharge ground water. As a whole the local labourers along with migrant workers do work & gets their wage which directly helps their Livelihood enhancement.
