

# Dragon Fruit Plantation of Sabir Ali Khan Anowar at Naynan

District	Block	GP	Scheme Name	Scheme Code	Cost of Scheme (Lakh)	USK Labour Cost (lakh)
Purba Medinipur	Nandigram-1	Daudpur	Dragon Fruit Plantation of Sabir Ali Khan Anowar at Naynan	3211015002/DP/321002040924905	2.68282	0.60956

**Livelihood Impact:** Dragon fruit is one such commercially lucrative plant with amazing health benefitting qualities along with better self-life can be grown in water scarcity zone, but has so far failed to draw much attention of growers in India. Now it has started in our District as an experimental pilot project. Success of the project will lead to a better socio-economic effect for small farmers for ensuring their livelihood via shifting to high value orchard crops. 2400 nos. of plant of dragon fruit planted at Nandigram-I block and approx 20 members may be benefitted from the scheme. Rs. 1 lakh can be earned by producing 4-5 quintal of Dragon fruit.

# Construction of Poultry Shade of Radhakanta Routh, Daudpur GP

District	Block	GP	Scheme Name	Scheme Code	Cost of Scheme (Lakh)	USK Labour Cost (lakh)
Purba Medinipur	Nandigram-1	Daudpur	Construction of Poultry Shade of Radhakanta Routh, Daudpur GP	<a href="#">3211015002/IF/321002041101337</a>	0.51583	0.01883

**Livelihood Impact:** Backyard poultry farming is mostly popular in rural & resource poor areas of West Bengal which provides rural families with income, nutritionally rich food source (meat & eggs), boosts up women empowerment and employment generation of unemployed youth, and reduces gap between demand and supply of poultry egg & meat in West Bengal. Sometimes such poultry farm tagged with nearby ICDS center or Primary School for supplying eggs as per their demand. These poultry farm have a deep livelihood impact in village economy.
